AMERI

In ISocrates american character, I'm tolerant skepticism in asking liberty morality! Legislating/making in freedom of conscience I live the tolerant skepticism principle of Old Democrat Thales/ Solon/ Socrates, *Old American* ['English-led europeans in Republican Age U.S. & Canada'], and *american* ['world citizen'] in the 'amendment one' awareness. We see timeless Truth as intervening 'God', or nonintervening 'Creator', and/or natural law & order Nature. Choosing universal principles/ideas to live/embodiment, people create literate culture. Ideology of cultures is the set of principles, as 'american character' is.. **tolerant**-rational-amending-representing-thanxgiving, and 'AMERI Ages culture' is... basic-social-physical-civil-universal. #1 morality is tolerant skepticism principle, FREEDOM... to think & ask, of conscience & religion. The new story of unfolding awareness in 'AMERI culture' is human heritage at its best, in cultural democracy with world citizen, american. North Asian literate cultured humans 500BCE with Confucian/ Buddhan/ Classical citizen, first choose **tolerance**-truth-compassion-equality, the '4principles' of the freedom culture ideology.

Amendment I is artifact of same tolerant skepticism human struggle story for freedom culture wrestled with 'US all'-world citizen cultured- american. *Freedom of religion, speech, press, assembly, and petition* is U.S. Amendment One. *Freedom of religion* is a citizenry, theist or nontheist, rejecting militant political activists. In tolerant I morality [precondition to honest asking rational individual] we affirm patient consensus solutions to problems over visceral chaos of fundamentalists, cultured [i.e. Franco Fascist. Stalin Communist] and religious [i.e. 30 Years War {Bible Protestant V. Bible Catholic}. Koran al-Quaeda]. *Freedom of speech* is denied in violent communist cultured Russian Empire until Gorbachev and in old Athens until Socrates. Free/open, rational/ natural, critical discussion is essential if one is "To find yourself, T H I N K for yourself"-Socrates. To make the Nature asking tolerant freedom culture, teachers Confucius/ Buddha live and citizen Socrates dies for timeless Truth. *Freedom of press* is given to african U.S. Frederick Douglass, denied citizenship until President Lincoln's Gettysburg Address' "new birth of freedom" extends social integrity universal principle of cultural democracy ideology to more than native european, 'home of science and democracy' with scientist Thales and kindly wisdom philosophers Solon & Socrates. *Freedom of assembly* is achieved by Hiawatha's confederation idea that nurtures some inamerican nations and early U.S. country. With thoughtful solution brave Hiawatha overcomes petty violence with neighboring chief, who had killed his wife and daughters!!! *Freedom of petition* for 'rock-throwing' [ancient Philistine] Palestinian freedom fighters over scores of years goes unheard by UN-UK-US funding the stating of nation Israel for Bible Zion in Ancient Philistine homeland. Koran crusaders join cause. Freedom principled citizen people awaken to its effect in post WWII failed MidEast foreign policy of oil over liberty and religion over republic, symbolically materialized on Twin Towers NYC 9-11-2001. For homelife continuance with citizen people, independent of godlife caesar plutocrat/ godlife clergy priest, we, the global democrats, need to... sow seeds of truth & trust/ confidence & mutual respect in principle driven freedom at home and abroad, to... find energy solutions independent of oil royal plutocrat, and to... separate natural citizen agenda from supernatural clergy agenda. Truth foundation means to royal landlord [modern global corporation/ banker] Gold Profits, to clergy/ congregant God Prophets, and to citizen cultured Good universal Principles physical/social. Cultural democracy is good citizen job, not golden caesar nor godly clergy. We've hope in an amendment one idea that checks clergy and separates/balances authority/ authentication/ tradition of fundamental powers royal/ religion/ republican! In freedom principled democrat ['fpd'] we have homelife.

'We shall never forget' free trade plutocrat dictator & faith priest divine leaning their agendas on freedom principled democrat.

Amendment I 1791CE is a later addition to the U.S. Constitution 1787CE.

"Congress [peoples' representatives!] shall make no law respecting an establishment of **religion**, or prohibiting the free exercise thereof; or abridging the freedom of **speech**, or of the **press**; or the right of the people peaceably to **assemble**, and to **petition** the government for a redress of grievances." Be tolerant skepticism, freedom homelifer!
